

Effective People Management

As a manager, your role is fundamental in the development of the practice and the people who work within it. Delegates will receive expert advice on employment law from a practising professional.

Objectives:

- Ensure your approach to the recruitment and selection of new team members allows you to select the right person for the role
- Find out about the importance of an employee's first months with your practice
- Examine the role you play in the performance management of your team
- Discover how you can implement strategies to retain your team members

Suitable for:

Practice managers and dentists

Cost:

£175
