

The Dental Nurse - Me Time for the Dental Nurse

New for 2010, this course will help you to keep in touch with the latest legislation in the rapidly changing world of dentistry.

Objectives:

- Our patients and me - establish what our patients most want from us
- Me and my job - explore the full scope of career development opportunities for dental nurses, in line with the GDC's 'Scope of Practice' document
- Bugs and me - investigate some of the relevant microbiology of three micro-organisms of great importance in dental care
- My dentist and me - consider how to maintain a harmonious professional relationship with your dentist

Suitable for:

Dental nurses

Cost:

£150
