DENPLAN GOES INTO TOP GEAR AT KARTING FINAL

After 10 fiercely competitive heats, the Denplan Karting Challenge final on the 28th September was no less competitive - and after 80 closely-fought laps, only a few seconds separated the top three teams at the PFI International Circuit in Grantham.

But, there had to be a winner, and Damian Hopper and Mark Harris of Burntwood Practice, Staffordshire were crowned the Denplan Karting Challenge Champions 2010!

David Davies and David Vivian were proud runners-up and Peter Stevenson and Craig Gibson came in third. Every heat from around the country was represented, and the qualifying laps and the Final were filled with spins, laughs and searing speeds.

Denplan Events Executive, Chris Lambert said: “the Denplan Karting Challenge is one of our most popular events as it offers the opportunity for our members to network with colleagues and have some great fun in the process! After the qualifying session, the Final was a huge success and, despite some minor tangles, everyone got round the first lap in one piece. This was probably our most fiercely competitive Final, featuring the ‘best of the best’ from the previous heats, so many of the karts were very evenly matched. This led to some wheel-to-wheel racing and everyone who took part are keen to do it all again soon.”
