Simplyhealth Professionals Golf Conference

We are delighted that the Simplyhealth Professionals Golf Conference will take place at the home of the Spanish Open and the number one golf course in Spain; the spectacular PGA Catalunya Resort in Girona.

Just over an hour from Barcelona Airport and five minutes from Girona-Costa Brava Airport, PGA Catalunya Resort makes for the perfect Spanish golf getaway. There are two exceptional golf courses at PGA Catalunya Resort; The Stadium Course, ranked the number one course in Spain, and the Tour Course, which provides constant challenges and spectacular holes to delight players of all levels.

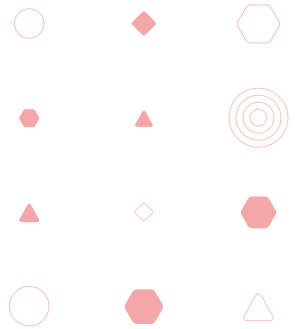

Each day there will be a pair's competition. Play will be Stableford Better Ball with a 90% handicap allowance. All golfers will be able to take part in smaller competitions throughout the day.

Whether you play golf seriously, or just like to enjoy time out on the course, the conference is sure to be an unforgettable experience for all.

The conference is open to Denplan members and their partners/spouses.

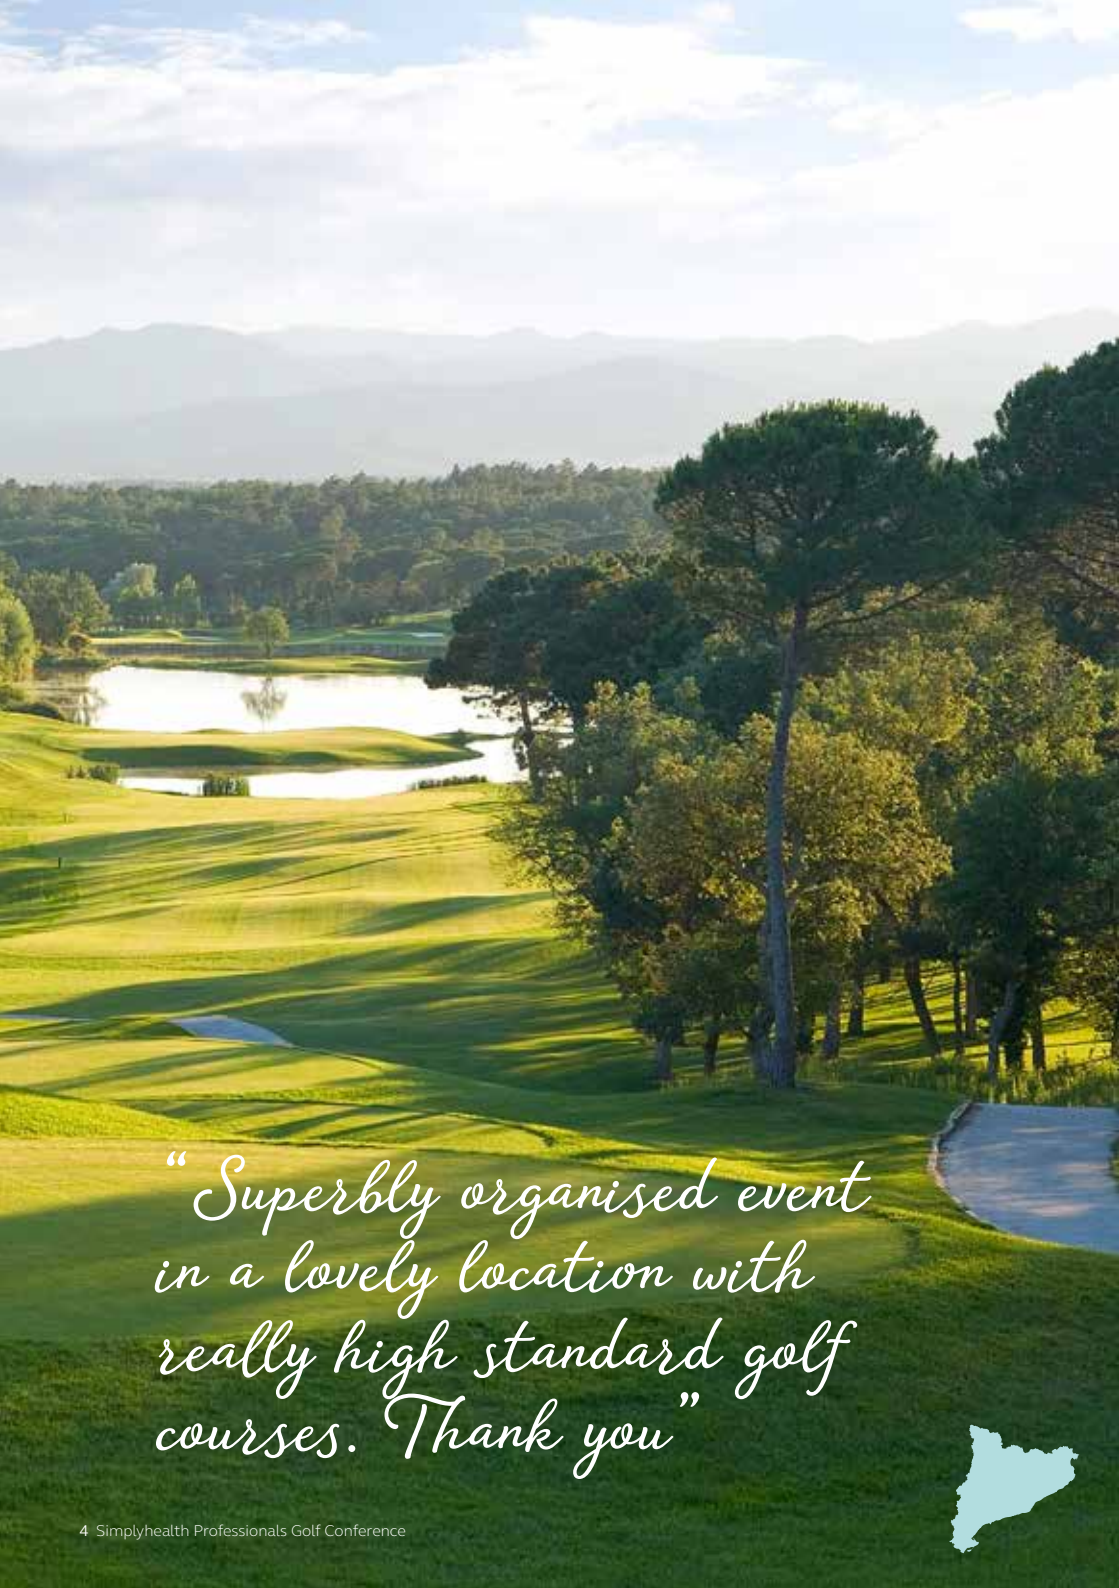

For the partners/spouses there will be plenty to keep them entertained whilst you are on the golf course. We will be putting together a programme of activities for them to get involved in or they can simply immerse themselves in the hotel's superb wellness area.

For more information speak to the Events Team on 01962 828026 or email Events@denplan.co.uk

To be eligible for the competitions a handicap certificate will be required. However if you do not hold a handicap competition and prefer a more relaxed game, you are very welcome to just enjoy the round on the fantastic course.

in a lovely location with
really high standard golf
courses. Thank you”*

The Golf

The Stadium Course

Designed by Ryder Cup star Neil Coles MBE and former Spanish winner Ángel Gallardo, this spectacular course has consistently been ranked among the ten best golf courses in Europe since it opened in 1999. Conceived as a venue for world-class tournament golf, The Stadium Course has twice hosted The Spanish Open, winning plaudits from some of the world's best players. Dramatic elevated tee shots are a feature of the course, with tree-lined holes cutting a path through pine forest to large, undulating greens protected by lakes and bunkers. Recently upgraded and lengthened to 7,333yds from the championship tees, this par-72 course is one of the most exhilarating experiences in European golf, with different tees and multiple pin positions for all discerning golfers. The signature 13th hole commands wonderful views of the Pyrenees' dominating Montseny Massif.

The Tour Course

While the Stadium Course throws down a serious golfing challenge, the Tour Course offers players an opportunity to enjoy a friendlier par-72 layout, set amid lakes and pine trees. Opened in 2005, this slightly shorter and more forgiving course is another Ángel Gallardo and Neil Coles creation, and a perfect complement to the demanding Stadium Course. While the picturesque front nine meanders through pine forest with strategically placed bunkers, the back nine opens out onto rolling golf holes that ride the contours of the estate and its lakes. Risk-taking players are rewarded here, especially on the par-five holes, where there is space to open the shoulders from the tees and attack the greens. Popular with members and visiting golfers, this beautifully conditioned course has co-hosted European Tour Qualifying School Final Stage since 2008, so a high quality experience is assured.
