

**Press release**

**Monday 19 February**

**Simplyhealth Professionals launches ‘Simply Select’ – a new online marketing portal for members**

Simplyhealth Professionals has launched a new online marketing portal called ‘Simply Select’ to help its’ members produce bespoke marketing literature for their practices.

The Simply Select portal contains a wide variety of templates, such as factsheets, posters and referral cards that can be personalised by members to help them promote individual Denplan payment plans and special offers. This will help to draw in new patients to the practice, or encourage existing patients to consider new or alternative treatments or plans. Marketing campaign material will also be added to the portal on a regular basis.

The templates are very simple to use with areas that practices can personalise with specific information that is relevant for them. There are templates for posters, referral cards, cost comparison posters and social media templates. Simplyhealth Professionals will continue to create new templates and add to the existing range throughout the year.

Sandy Brown, Director of Dentists at Simplyhealth Professionals, said: “We wanted to offer a really easy process for our member dentists to help them to market their individual Denplan payment plans and personalise each product to attract new patients and retain and grow existing ones. We have a dedicated in-house practice marketing team available for more complicated requests or special events, but often practices just want to be able to quickly print off a simple form or poster and do this themselves. Simply Select now means they have the best of both worlds.”
